

2. Pre-requisites

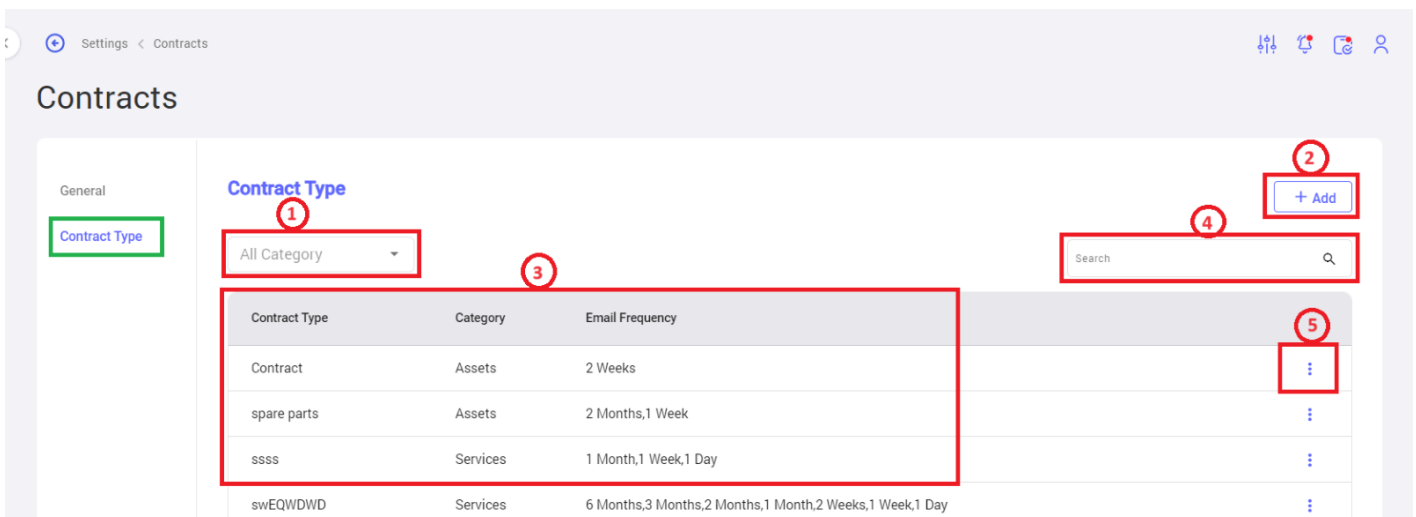

General Config:

To describe the Contract approver involvement in Contract submission process. The toggle button is used to enable or disable the feature to decide on contract approver is required during contract submission or not.

Contract Type Config:

To Configure type, navigate to Settings >> Contracts >> Contract Type.

1. **Category:** List of Categories will be displayed in the Category drop-down.
2. **Add Option:** To add a new contract type.
3. **List view:** Contract type configured will be displayed in a dynamic table with relation information.
4. **Search:** To search specific contract type line item.
5. **3 dots icon:** To perform edit & delete actions.

Add Contract Type:

The screenshot shows a 'New Contract Type' modal form. It has a title bar with a close button 'x'. The form contains several fields and sections:

- Category ***: A dropdown menu, highlighted with a red box and a red circle with the number 1.
- Contract Type ***: A text input field, highlighted with a red box and a red circle with the number 2.
- Email Notification**: A section titled 'Define the email notification frequency towards Contract Expiry Date.' containing two columns of radio button options: 6 Months, 3 Months, 2 Months, 1 Month on the left, and 2 Weeks, 1 Week, 1 Day on the right. This section is highlighted with a red box and a red circle with the number 3.
- Cancel**: A button at the bottom right, highlighted with a red box and a red circle with the number 4.
- Submit**: A button next to the Cancel button, highlighted with a red box and a red circle with the number 5.

The background shows a 'Contracts' page with a sidebar containing 'General' and 'Contract Type' tabs, and a table of contract types.

1. **Category:** User can select the category from the list of categories. Based on the category, User can create a Contract type. The list of Categories involves:
 - Services
 - Assets
 - Location
 - Inventory
2. **Contract Type:** To define the Contract Type name. The name should be unique.
3. **Email Notification:** To describe the email notification frequency.
4. **Cancel:** To cancel the creation process.
5. **Submit:** To complete the creation process.
