5 Total 2030 records found

6 Items per page: 10

1 - 10 of 2030

Inventories dashboard having following features

- 1. Search:** Users can search for any inventory by entering the inventory name. The relevant information will be displayed in the inventory table, along with the count of the records found.
- 2. Filter:** This feature allows users to refine their search by selecting filters such as Category, Manufacturer, and Model. After selecting the desired options from the displayed list, clicking the "Apply" button will populate the relevant information in the table, showing results that match the selected criteria.
