

# 5. Bulk Upload

## Bulk Upload:

This feature is to create work orders in bulk. Bulk upload is a 3-step process. The following are the steps followed in Work order bulk upload.

1. **Preparation:** Bulk Upload template can be downloaded.
2. **Pre-Check:** To check for any errors in the uploaded sheet.
3. **Processing:** To see the progress on the bulk upload process.

Below are the steps to create work orders in bulk.

1. **Info:** Provides the validation information required to fill the template.
2. **Download Template:** It's a predefined template used to key in data. Date update should match the validation provided in the Info.
3. **Upload File:** To upload updated template. The file can drag or upload using the choose file option.
4. **Next:** To move the upload file process to pre-check step.

## List View:

Work orders created newly from new work order or bulk upload features will be displayed on the Work order dashboard in the List view.
